Dear Ruben,

We have enjoyed having you so much! You are one of the most inspiring speakers we have ever had. Everyone who attended has asked to have you back. Your talk was amazing! You were humorous, entertaining, and very insightful and inspirational.

Everyone has thanked me for bringing you in, and has asked that I thank *you* for coming in. You made me look great!

We will recommend you to other divisions of our company, and to other meeting planners looking for their groups to be inspired and equipped to succeed more. You need to get your word out. Your philosophy can make a difference in many lives. Your tips and success principles can and will help anyone get better results in anything they do.

Your books, "The Courage to Succeed" and "Success Secrets from a Three-time Olympian" are loaded with such essential ideas everyone should know about them.

Once again, thank you for sharing your tips with us and thanks for helping us go for the Gold in business and in life!

Sincerely,

Kathy Best
